

Taos Land Trust
Summer 2020 Youth Conservation Corps CREW LEAD, Position Description

Taos Land Trust empowers people to protect the land and traditions they love through education, advocacy and conservation. Our vision is to create a legacy of open, productive, and natural lands for future generations. Taos Land Trust (TLT) is an accredited member of the national Land Trust Alliance.

POSITION PURPOSE: **One Crew Lead** will be hired to oversee the day-to-day work of one crew of six young adults. The Crew Lead will manage a diverse crew of participants between the ages of 16 and 25 in the safe, efficient completion of conservation, restoration, and outreach projects in the outdoors. Often working under minimal supervision, the Crew Lead must exercise discretion and judgment on matters relating to the safety, well-being, and performance of the field crew. The youth crew will work on planting demonstration gardens, invasive plant mitigation, wetland restoration, acequia maintenance, and the working of agricultural lands, and growing and distributing food to the Taos community. In addition to field work, the crew will participate in educational opportunities that range from learning about water rights and acequias in Northern New Mexico, water conservation and ecological restoration, sustainable agriculture, ArcGIS mapping, and identifying plant, animal, and bird species.

Crew field work will be conducted largely by the Crew Lead and 6 Crew Members and overseen by the Education Coordinator. Field work involves invasive plant and tree removal and assisting with wetlands and river restoration and monitoring projects along the Rio Fernando. Work will also include such tasks as acequia maintenance, tree pruning and planting, and agricultural crop care. Additional work may revolve around photo or video documentation, ecological monitoring and data gathering with input into ArcGIS. The crew will also be involved in the preparations for future water conservation projects, agricultural experiments, and orchard sites in Rio Fernando Park.
